a kaleidoscope of school life

PROLOGUE

Kaleidoscope: an instrument containing loose bits of colored glass between two flat plates and two plane mirrors so placed that changes of position of the bits of glass are reflected in an endless variety of patterns; also, a variegated changing pattern or scene. The student life here at Carver is like a kaleidoscope, always changing. No two sequences of time have the same effect on us. Each has its shades of pride, dedication, creativity, curiosity, leadership, strains, golden and artistic moments. We would like to show you how we function in this kaleidoscope of student life by presenting to you our 1972-1973 *Wolverine*.

We are proud of our excellent administration, teachers, and counselors. We are grateful to them for helping us to progress as far as we have and for giving us a good foundation to proceed from after high school. We are also proud of our athletes. We support them win, lose or draw. With our support and their superb abilities, we

have a winning combination.

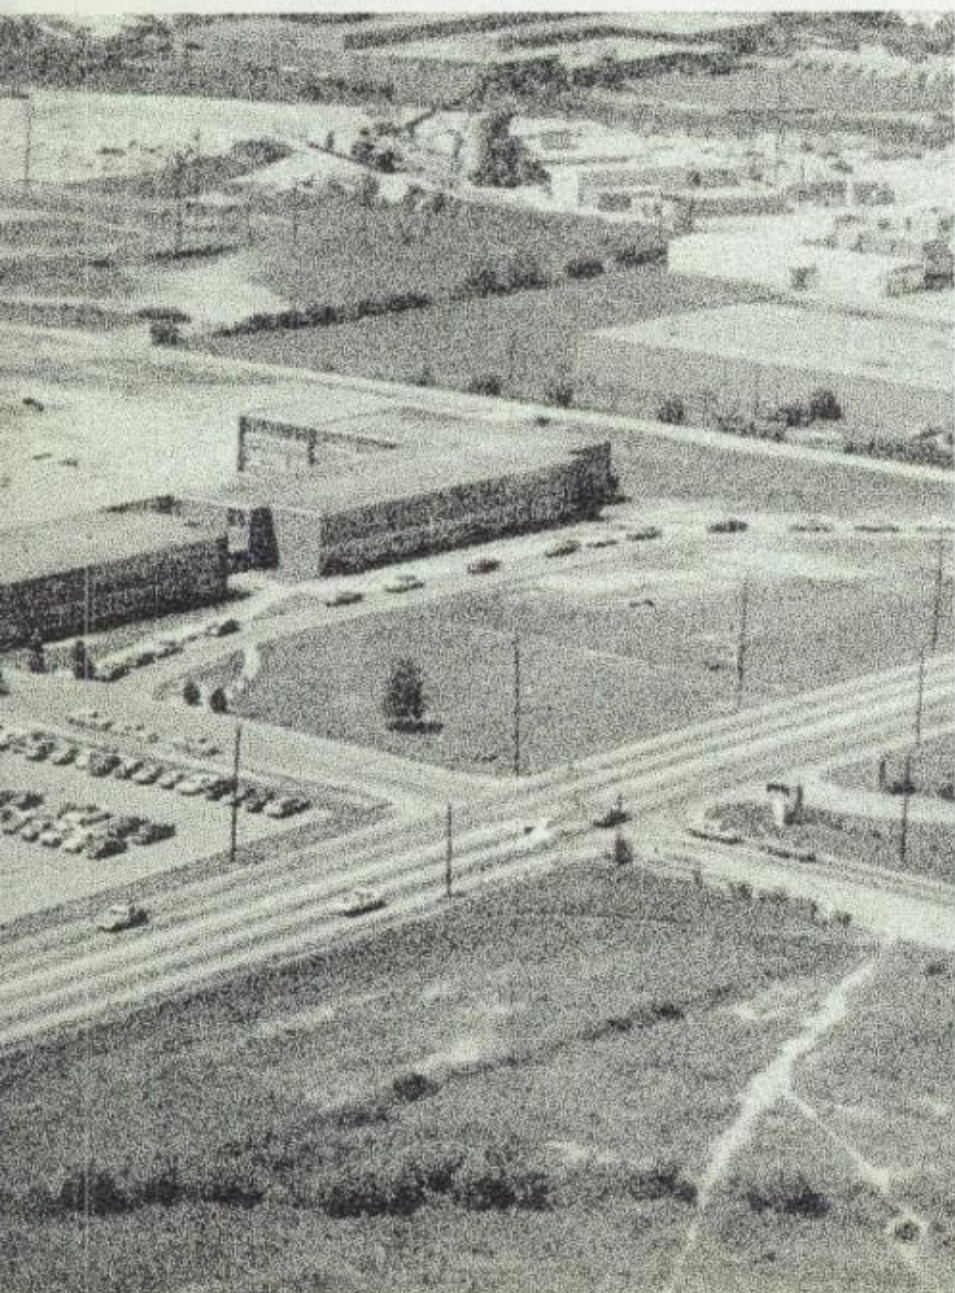

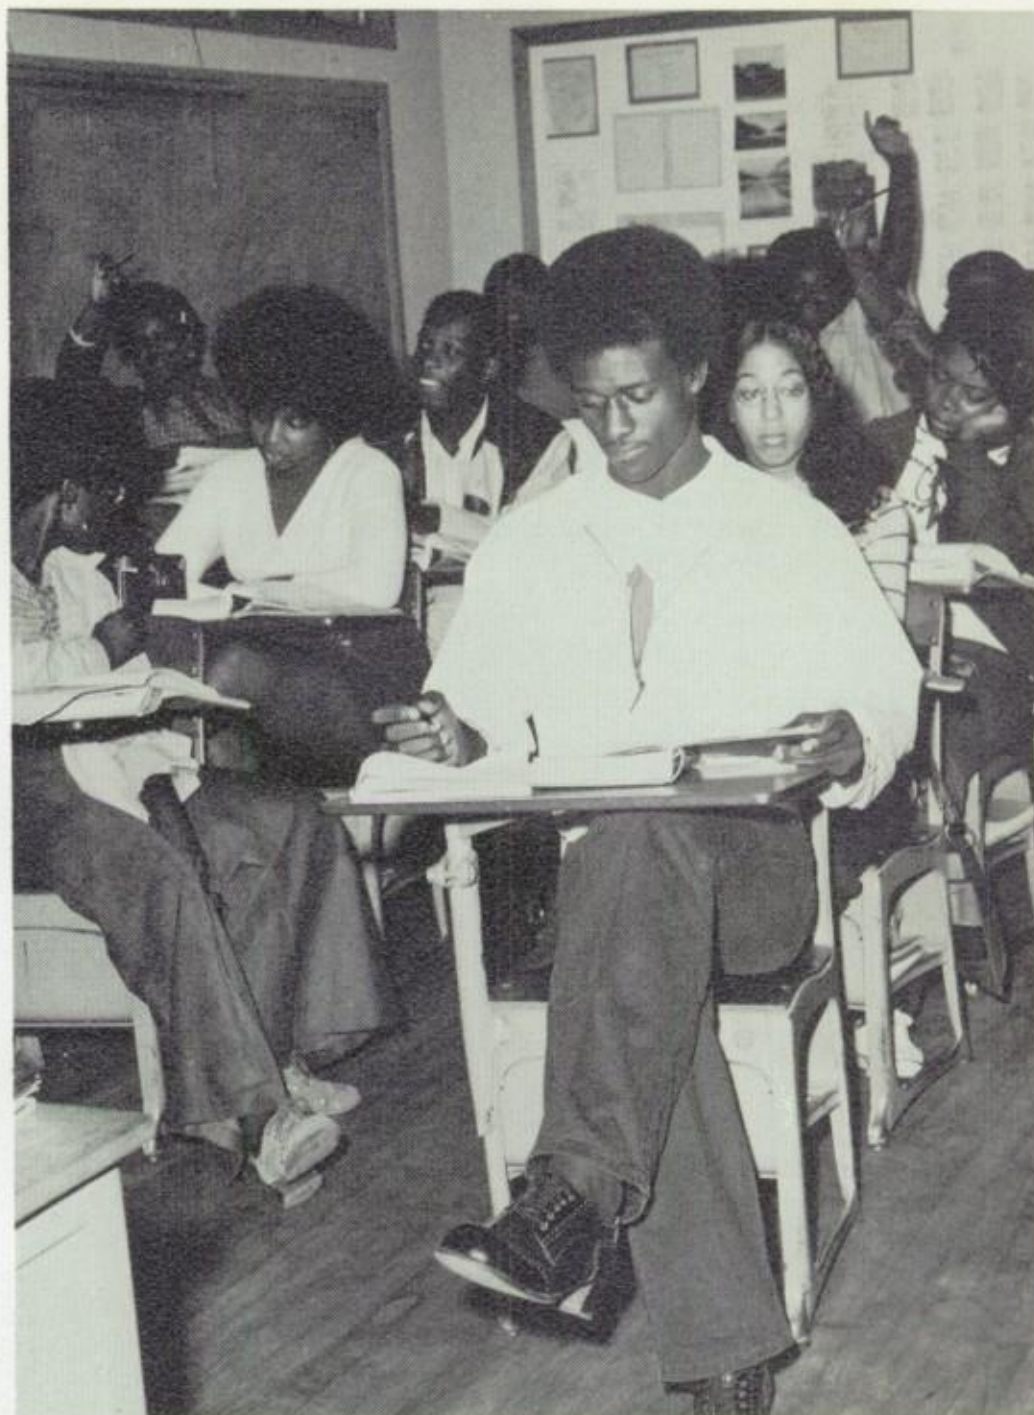

We are proud of our clubs and organizations. The epitome of this pride is evident in the marching band which has justly been named the Pride of Central Alabama.

We have our golden moments. They come about as a joint effort and are enjoyed by all. One of our most cherished golden moments is our Junior-Senior Prom. This is considered a grand social affair, a night out for Juniors and Seniors and their guests.

We have creative talent. This talent can be seen at Homecoming, talent shows, and in art classes. It has been said that some of our students show great promise in the performing arts.

Twist the kaleidoscope and look at the shades of color.

MR. JOHN FULGHAM: During his fifteen years at Carver, Coach Fulgham has given us a great example of developing the corporeal self. It is rare to find someone who is so devoted to a school, and, more especially, to developing the athletic idea.

MR. TIM WOODWARD: Few things are as precious as a human mind, and few people are as dedicated to developing it as Mr. Woodward. Through Biology and Physiology he lights the spark of wonder.

MR. JOHN FEAGIN: It is through art that one expresses his deepest feelings. Mr. Feagin, through careful and patient guidance, allows his students to artistically express their most hidden emotions.

It is with great pride that we dedicate this volume of the *Wolverine* to three outstanding faculty members who all three share one common purpose: The development of the whole person.

ADMINISTRATION

Mr. W.E. Thompson

To be an administrator today is perhaps one of the most difficult jobs an individual can pursue. Mr. W.E. Thompson, however, has succeeded in attaining the goals and objectives of the accomplished administrator. He has faith in his faculty and always supports them. He, also, has faith in his student body.

His duties include maintaining good community relations, making sure that all things at Carver are properly done, purchasing needed materials, keeping lines of

communication between the Board of Education and teachers open and clear at all times, making sure that the various activities at Carver are properly financed, and, all-in-all, making sure that the school, as a whole, runs smoothly.

We would like to take this opportunity to thank Mr. Thompson for the faith he has in us, the student body, and wish him continued success.

“
*you can do

ADMINISTRATION

Mr. Warren Davis

"Welcome to Carver."

Carver's new Assistant Principal comes to us from Jeff Davis High School. Mr. Davis was born in Hope Hull, Alabama, and attended Alabama State University and Tuskegee Institute where he received his Masters Degree in education. A few of his duties are keeping track of student's records, keeping everyone in the correct class, scheduling students, and being principal of the Adult Education Program. Concerning students, Mr. Davis gives the following advice: Consider education the primary object, everything else subordinate. Again, welcome to Carver Senior High School.

Mr. Davis takes time out from his busy schedule to help senior Murray Free.

ADMINISTRATION

Mr. William Martin

Mr. Martin checks standardized test scores with Sheila Ellison.

Mr. Martin's major responsibility is helping students in the Junior Class. During September he is responsible for administering the California Achievement Test. Throughout the year, he gives students advice concerning their future plans, writes excuses for absence and tardy, and answers numerous questions concerning the students at Carver.

GUIDANCE COUNSELORS

GUIDANCE COUNSELORS: The goal of the guidance program is to help each pupil develop his capacity to the fullest possible extent, to discover and to begin working towards goals consistent with his interests and ability. To this end we seek to aid the pupil in being a well adjusted individual and growing into a useful member of his respective community.

Mrs. D.F. Gibbs

*GUIDANCE
COUNSELORS*

ADMINISTRATION

Mrs. Gibb's major responsibility is helping students in the senior class. This means that she helps students concerning occupations, college choices, and securing the necessary papers and/or information for the students particular choice. Mrs. Gibbs is also the adviser to the Student Council and National Honor Society. Her other responsibilities include co-ordinating the many social functions here at Wolverineland. With all these responsibilities, she always has time to discuss any problem that a student might have and always seems interested in each student.

Mrs. Gibbs takes time out to talk to a college representative concerning senior appointment.

ADMINISTRATION

Mrs. McMillin's major responsibility is helping students in the sophomore class. This means that she spends much of her time with those problems particular with students in the 10th grade. Like Mr. Martin, Mrs. McMillin is responsible for administering standardized test to all sophomores. AND she is responsible for giving excuses to absent students, a job few could relish. Mrs. McMillin is also the adviser for the Newspaper Staff and teaches reading to students from all three grade levels.

GUIDANCE

COUNSELORS

Mrs. Barbara McMillin

Sophomore Linda Porter checks with Mrs. McMillin concerning her units.

STAFFS

Office

Mrs. Gloria Huffman: Mrs. Huffman's duties include typing, courtesy-secretary, handling student transcripts, and student records. Mrs. Dorothy Lawson: Mrs. Lawson's major duty is being the school book-keeper. She also sells tickets at school for football games and handles money for the yearbook. Mrs. Mary Lawhorne: Mrs. Lawhorne's duties include filing, typing, receptionist, and library clerk.

Left: Mrs. Lawhorne keeps permanent record cards in order. Above: Mrs. Huffman always presents a courteous smile. Top: Mrs. Lawson busy with books.

STAFFS

Mrs. Foster: The duties of Mrs. Foster, the Chief Dietician, are purchasing, menu-planning, delegating responsibility, training employees, simplifying work methods, conduct conferences and meetings with employees and vendors. She is also kept busy working with the various clubs and organizations on campus. This year saw a closer relationship between Mrs. Foster and the Menu Committee of the Student Council.

STAFF

School Relations

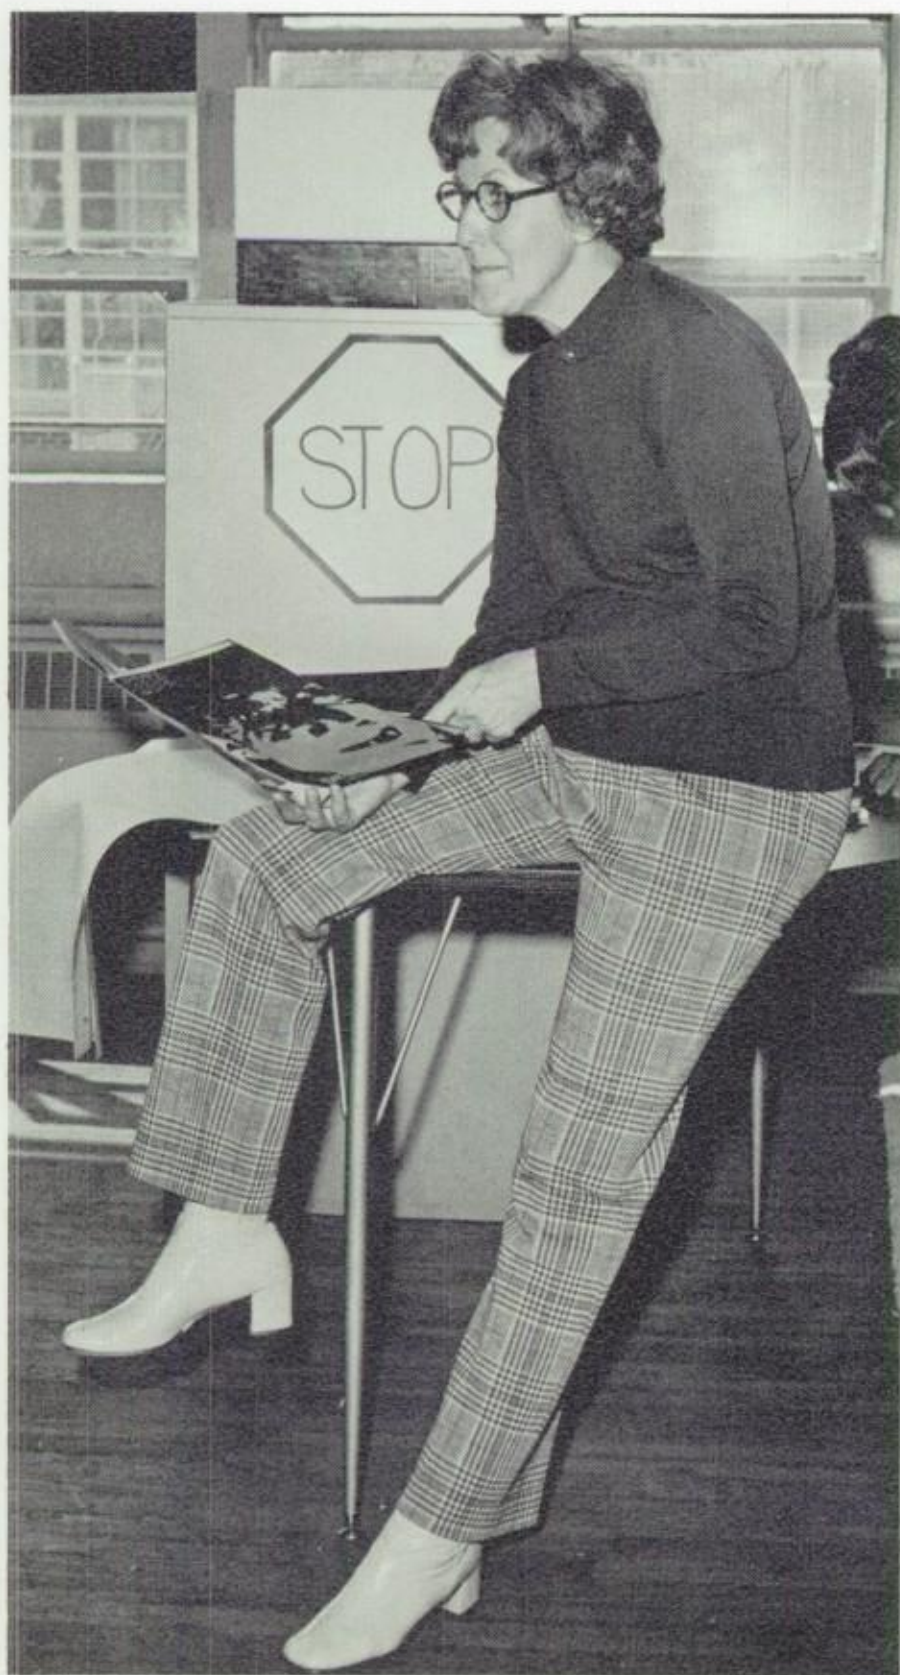

Officer Davis confers with James Taylor about fostering good student relations.

Officer Leola C. Davis: The duties of the School Relations officer are to protect school property, property of the students, and to foster better relations between students, parents, school administrators, and law enforcement officers. We safeguard moral, physical, and the intellectual welfare of all students at Carver Senior High School.

Reading Improvement

DEPARTMENTS

Mrs. McMillin discusses the new issue of *Scope* with her class.

The finest of all curriculums is useless without the most important of all communication skills—EFFECTIVE READING. The reading program at Carver Senior High School is designed to help some students acquire and others to “polish up” much needed facets of the reading process—i.e. inferential thinking, critical analysis, following written directions, word attack and listening comprehension skills. In the relaxed atmosphere of the reading lab—with appropriate materials and no pressure to compete against others—students make progress in these areas. Our motto is—EVERY STUDENT HAS A RIGHT TO READ!

Language Arts

The English Faculty seeks to provide experiences which will aid pupils in the use of correct English in all phases of communication: thinking, speaking, reading, listening and writing.

We believe that pupils' creative and interpretive abilities should be trained to evaluate and react emotionally to written and spoken language as they develop. We further believe that the teaching of English cannot and should not be isolated from all other subject matter areas. We emphasize literature, the inseparable half of the English courses, provides skill in reading, imparts information, and should develop aesthetic appreciation. Pupils are encouraged to do free and wide reading. We also emphasize that pupils should learn the meaning of the words that they speak and read.

The foreign language department at Carver offers courses in Basic and Intermediate French and Spanish. We endeavor to furnish meaningful experiences for students interested in the languages, customs, history and people of other lands. We hope to widen their worlds and open their minds to an appreciative understanding of cultures other than their own. Through the use of tapes and records, the students come in contact with the languages as they are spoken by the natives and learn to speak and read them.

Top right: Mrs. Moseley quietly recites to her French I class. Right: Mrs. Walters discusses the perfect tenses.

Driver Education

In order to achieve a desirable pattern of behavior in our growing traffic society, Driver Education is now being taught in the high school. Driving is something that everyone will be doing in adult life and it is better to have a safe future driver than one who may disregard traffic laws and possibly kill someone. Developing the ability to recognize, analyze, and respond to traffic situations in a manner that demonstrates proficiency in the driving task is one of the main goals of Driver Ed.

Social Studies

Mr. Wrightman discusses the contributions of the Negro to America.

The theme for the Social Studies department this year is innovation. For example, the American History curriculum has been revised from top to bottom. The content of the 11th grade American History has been carefully coordinated with the program offered in 8th grade American History. Generally speaking, in the 11th grade course the survey method is being used to present the story of America from the early days of exploration through Reconstruction period following the Civil War. This method will permit more recent events to be studied in detail. In addition, time is now available to enrich the course and stimulate interest in the contributions of minority groups to the growth of America.

Mr. McKean points out the route of the early explorers.

DEPARTMENTS

The Mathematics Department of Carver High School has a faculty of four. These teachers are committed to developing the mathematical capacities of students so inclined. The department offers courses in Business Mathematics, General Mathematics, Algebra I and II, Geometry, and Analysis. Physical and Biological Sciences

The material progress of the world has increased more during this half century than it did during all preceding centuries. The factor most responsible for this development has been science. Thanks to science, today we eat food made from cotton seed oil; wear clothes made from coal, air and water; live in houses made from carbolic acid and formaldehyde; cure our diseases with molds; and power our machines with fuels far more efficient than any nature can provide.

In industry more than a million persons are among the highest paid. It is a major contributor to better health, a higher standard of living, a safer defense and a greater amount of leisure.

An exploration into science should prove exciting to all students. If one likes art, he may revel in the architecture of atomic, molecular, and crystal structure.

If one likes logic, he will be inspired by the logic of the scientific method. If one likes mathematics, he will find plenty of practice in the solution of mechanical problems. No matter what one wants to be in the area of science—a chemist, physician, engineer, mathematician, social scientist, or just an ordinary citizen—he will find that science has much to offer.

Science courses at Carver are designed with the aforementioned in mind and the science staff here can guarantee that one who reads with an inquiring mind, is willing to work the problems and to perform and interpret the experiments, will certainly find the science courses interesting and most rewarding.

DEPARTMENTS

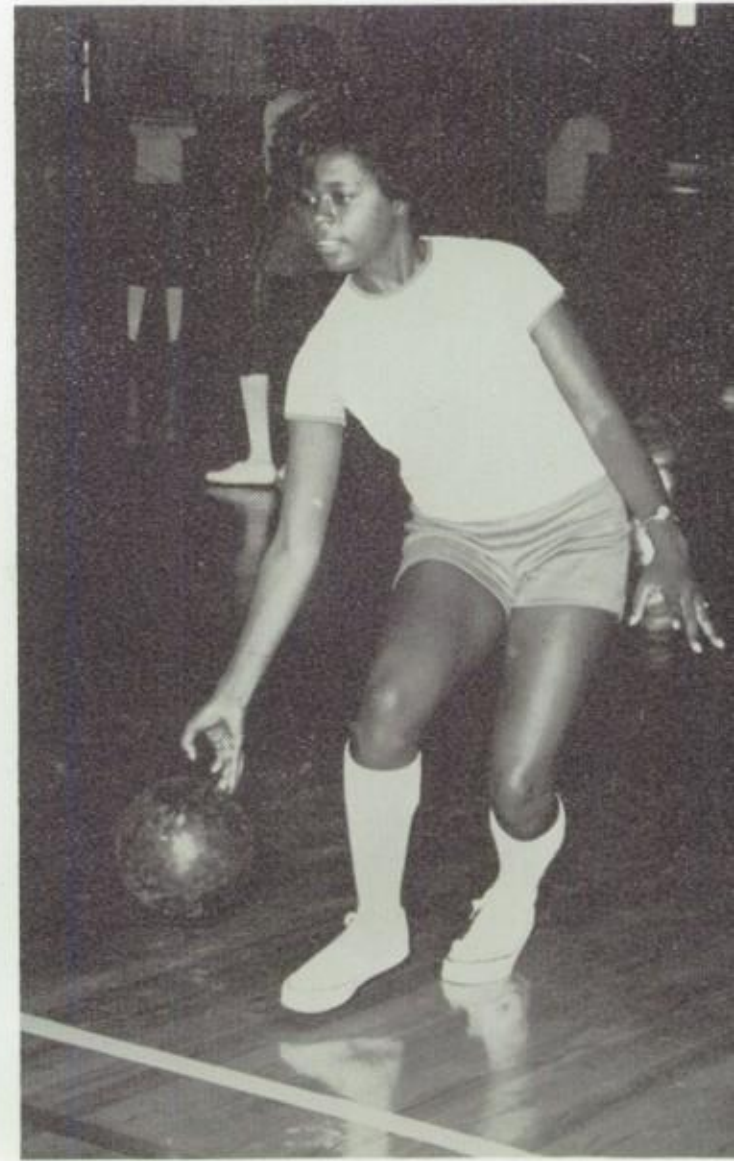

Physical Education

Physical Education forms an important part of the modern program of general program education. It is designed to help develop physical motor skills, physical fitness and general health through physical activities

Physical Education also provides fun and recreation. Our program in physical education covers a wide variety of activities which include dancing, exercise, individual and team sports such as archery, tennis, baseball-softball, basketball, volleyball, football, speedball, track and field, bowling, and stunts and tumbling.

Volleyball requires fitness.

DEPARTMENTS

Cooperative Training Programs

Mr. Oliver checks the work of VIE students concerning selling and consumer protection.

This program was known as D.O. and D.E. but it is now called the VIE (Vocational Industrial Education). It is designed to help both students who choose a career and those who are creating new careers. The advantage of this program is that it coordinated the classroom activities with the on-the-job training. Crafts, managerial techniques, and discipline are stressed in the new program.

Automation predominates in our society, Man has been replaced by machines in many instances. Even so, the need for competent clerical workers, stenographers, secretaries and bookkeepers has increased. Behind every successful businessman or executive is usually found an efficient force of office-workers.

Carver is playing an important part in the advancement of the business world. Every year capable graduates of the Business Education Department are ready to step into positions offered by the many business and plants in this area.

Typing, Shorthand, Bookkeeping, General Business and Business Law are offered in this department.

Montgomery Area Vocational School

Montgomery Area Vocational Center, one of the newest phases of the Montgomery Public Education System, is located at 1400 West Fifth Street.

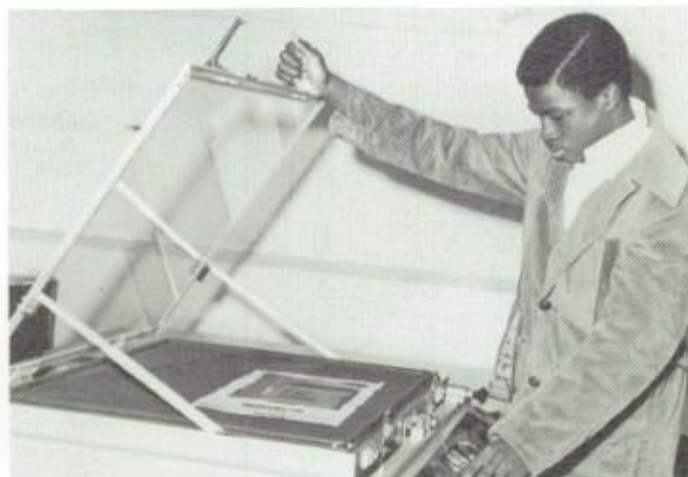

MAVC is presently serving 900 juniors and seniors from Carver, Jeff Davis, Lanier, and Lee High School in twenty different occupational training programs. The students receive two hours of instruction at the Center each day and spend the remainder of the day at their respective high schools completing requirements for graduation. For their efforts, in addition to the valuable skills and experience gained, the student receives two credits per year plus a Certificate of Achievement upon completion of the eighteen month courses.

The purpose of the program at MAVC is to provide education such that every young person completing our school grade 12 will be ready to enter either higher education or useful and rewarding employment. Thus, we have set as the goal of MAVC "development of a saleable skill in every student."

Reserve Officers Training Corp

The objectives of Junior ROTC are to develop in the student:

1. A knowledge of basic military skills and appreciation of the role of the U.S. Army in support of national objectives.
2. Self-reliance, leadership, and responsiveness to constituted authority.
3. Attributes of good citizenship and patriotism.
4. Ability to communicate effectively both orally and in writing.
5. An appreciation of the importance of physical education to the accomplishment of these objectives.

DEPARTMENTS

Musical Arts

We would like to take this opportunity to welcome Carver's new Band Director, Mr. Curtis Hollinger. Mr. Hollinger attended Alabama State University where he earned his B.A. and M.Ed. degrees. As the new Director, Mr. Hollinger has given Carver his maximum efforts in producing memorable halftime performances, concerts, and assembly programs. We hope that Mr. Hollinger continues to be happy here at Carver Senior High.

Mechanical Drawing: In our mechanical drawing classes no previous knowledge of drawing is required. All students will be able to benefit from the basic course in mechanical drawing, and students contemplating a possible career in engineering, drafting, architectural drafting, aircraft and automotive drafting will find this course valuable.

Fine Art: Our art program here is designed for all students, experience is no prerequisite. We believe that each child is capable of expressing and interpreting his thoughts, feelings, and experiences in his own way through Art.

Top right: Mr. Feagin helps Cedric Goldsmith and (middle) discusses artistic technique with an art class. Right: Mr. Feagin putting final touches on a Homecoming float.

Library

The school library is as much a part of the institutional system as any classroom. It contributes to your enrichment by supplying a strong basic respect for knowledge.

In the library you can work efficiently, analyze rapidly, and do research methodically.

STAFFS

The Promethean task of creating a yearbook is understood by only a few; however, if this yearbook re-creates the essence of life here at Carver, we feel that we have accomplished our goal. The job this year was more difficult than usual because of a fresh staff which was not versed in the process of creating a yearbook; however, most have performed well and should be congratulated. A special thanks goes out to Mrs. Jarrett and Mr. Woodward (not pictured) who gave of their time to help the members of the Business Staff.

"The Pride of Central Alabama"

"The Pride of Central Alabama is what the Carver High School Marching and concert band is referred to. The band is a highly respected organization at Carver and in the city of Montgomery. This year's band is 100 strong, the largest every to be at Carver. Each member must take a test based on attitude, technique and skill in order to qualify for a position. Each member must be willing to give three to four hours of his best time to the band each day during marching season. We believe that dedication is the only way to have a good program. Marching with precision and working for perfection is what the band strides for. The band operates as one large family working together to reach its goal. We not only emphasize marching and playing but also stride for perfection in academic studies. The band takes pride in everything it does.

The band is under the direction of Mr. Curtis L. Hollinger, a new band director in the Montgomery County School System. Mr. Hollinger has done an excellent job for the small amount of time that he had to work with the band this year. This year's band has been said to be the most talented in four years. This talent was exhibited when the band was pushed for time with a new band director coming in. Mr. Hollinger had many creative thinkers to aid him in planning halftime shows. Some of these people were Fredrick Brown, Willie Barber, Tanya Ross, and many others. In arranging music for the band Mr. Hollinger was aided by student arranger Samuel Milledge who arranged several compositions for the band.

The band has participated in many parades this year and received invitations to the Alabama State Music Festival and Mardi Gras held in Mobile, Alabama.

Jeff Davis Dazzles Carver

In the first game of the season, the Jeff Davis Vols received the kick-off and, with its running team, ran 88 yards with Walker carrying in to put the first score on the board.

The Wolverines could not get the ball rolling and handed the ball over to the Vols only to have it tuned into an instant score in only five plays. Carver played strongly with the young players in their first High School game.

Despite the Wolverines valiant effort to overcome the rough defense of J.D., there was a fumbling fever that plagued the team on their attempts to cash in on pay dirt.

Carver Bops Cobb

The mighty Green and Gold rallied over the Cobb Avenue Panthers in their second game with a score of 22-0. The Wolverines offense as well as the defense put on a magnificent show. The three TD's were made by Seniors Robert Ford, Willie Belser and quarterback Arthur Bailey. This was the first victory of the season for

the Wolverines. The defense was led by Dwight Gilchrist with deep help from Michael Lewis, Calvin Judkins, Steve Frazier, Johnny Murphy and Joe Lee Boswell. One of the more outstanding plays of the game was a 68 yard pass to Willie Belser and the TD that followed it.

Wolverines Dump Druid

The Wolverines wrapped up another win with a 39-6 victory over the Druid Dragons of Tuscaloosa.

The "Green Machine" scored the first five times they had the ball and gave the Dragons an exhausting first half. The Dragons only TD came in the second quarter, as Brown scored from the seven yard line.

Carver again turned the corner with Christopher Hill going in on a five yard run. The Wolverines had a good night, with the "Scatpack" offense exploding to spring their runningbacks and the "Doomsday" defense making hard tackles and team pursuit to polish off the game.

Carver Nips Wenonah

The Wolverines nipped the hard-hitting Dragons in a busy battle by a score of 14-0. The Dragons greatly outnumbered the Wolverines and held them to only six points in the first half. Guards Charles Ford, Mickey Porter, tackles David Kemp and Vernon Pressley, center Lee Jackson and ends Willie Belser and Manzy King all aided in the Wolverine victory.

Even though the Offense did not operate as expected, they managed two hundred and ten yards rushing. Most Valuable Player awards go out to Dwight Gilchrist and Foster "Jackie" Daniels.

Lee Beats Wolverines

The Wolverines suffered their second loss when they played one of their city rivals the Lee Generals. Although the Green and Gold Machine was looking for its fourth victory of the season, their efforts were not enough. The game ended with a score fo 23-0 in favor of the Generals and left the Wolverines with a 3-2 season record.

Above: Christopher Hill is dropped by two Generals. Above right: Dwight Gilchrist prevents General ground gain. Below left: Michael Lewis stops a Poet.

Lanier Beats Carver

The Wolverines witnessed their third loss of the season to the Lanier Poets. Although the Wolverines did not perform as expected, there were some bright spots in the game which should not be over-looked. Tremendous efforts were displayed by running backs Robert Ford, John "O.J." Parker, Tommy Drummond, Arthur Bailey and Michael Lewis with his 61 yard punt. The game resolved in a score of 28-0.

Line-Backers: Henry Harris, Robert Johnson, Alvin Graham.

HOMECOMING

Wolverines Shave Baby Tigers

The seventh game of the season resulted in 15-6 victory over the Tuskegee Baby Tigers. It was Homecoming for the "Big C."

The Wolverines paced their way after a series of turnovers occurring in the first quarter, to give Carver a 6-0 lead with Bailey connecting with Tommy Drummond for ohe TD. Elston Dacus kicked the extra point to give Carver a seven point cushion. Late in the second quarter Robert Johnson covered a beautiful play by Bailey with a 65 yard touch down that followed the Bailey execution. The Baby Tigers managed a TD in the last six minutes of the game. The Wolverines managed to control the ball for the remainder of the game. Afterwards, Dwight Gilchrist was named most valuable player by the Class of '62 and received a trophy.

Wolverines Smash Williamson

After the Homecoming game, the Green and Gold Machine journeyed to the home of the Williamson Lions in Mobile. It was Williamson's Homecoming and the Wolverines took a 12-0 lead in the first quarter. Scores same with a tail back Elston Dacus, Robert Ford, Willie Belser and Tommy Drummond who received TD passes from QB Arthur Bailey. The game was capped-off with a TD run by Robert Johnson. Carver left Williamson victoriously with a score of 38-13.

Running Backs: Jerry Coleman Johnson, Tommy Drummond, Elston Dacus.

Carver Beats Blount

The season's sixth win came when Carver hosted Blount. The Wolverines played with determination to seek a 7-3 seasonal record. The Green and Gold Machine tied with Blount when FB Jerry Johnson plunged for a one yard TD after Drummond received a 36 yard pass from Bailey. Carver's second TD came in the second half when Junior QB Daniels passed to Tommy Drummond the winning TD. Carver, again being victorious, left Crampton Bowl with a score of 14-6.

Carver Edges Toulminville

In the last game of the season, Toulminville almost ran the Wolverines out of the stadium by scoring in opening minutes of the game. But the Wolverines regained control when QB Daniels filling-in for Bailey and Ford gave the Wolverines and offensive edge. The tenacious defense simply outmuscled Toulminville to preserve a touchdown lead. Toulminville had one last drive in the final minutes of action, unleashed a potent passing attack, but it was later snuffed out by Tommy Drummond to end the threat and capping a 14-7 victory to end the season with a 7-3 record.

Teacher of the Year

Mrs. Mildred Hardy

Mrs. Hardy, a teacher of Chemistry and Physics, has worked diligently and faithfully at the task of educating and informing students here at Carver Senior High.

She came to us many years ago and has worked faithfully from that day until now and will continue to do so. She is co-operative, kind, and considerate. Whenever there's a project or anything of this nature to be done,

Mrs. Hardy does her part. Whenever she is asked to do something, she is always willing. If ever she could be of service at any time she is always there.

Yes, based on these outstanding characteristics and many more we bestow this great honor to Mrs. Mildred Hardy.

Student of the Year

Miss Beverly Giles

Beverly Giles is a most outstanding student. She is considerate, diligent, and, above, curious. Beverly is actively involved in numerous outside activities and always takes an active part in campus activities. Her outstanding academic record is something to be admired and we are sure that she will make a great success of her life. We congratulate Miss Giles and wish her the very best.

Betty Crocker Award

Agnes Lewis

Carver's 1973 Betty Crocker Homemaker of Tomorrow is Agnes Lewis. Selected by scores on written knowledge and attitude examination taken by senior girls on December 5, 1972. Miss Lewis will receive a specially designed award from General Mills, sponsor of the annual Betty Crocker Search for American Homemakers of Tomorrow. In addition, Miss Lewis remains eligible for state and national honors. The State Homemaker of Tomorrow, to be chosen from all school winners in the state in judging centering on performance in the December 5th test, will receive a \$1,500 college scholarship. In late April, the 51 Betty Crocker Homemakers of Tomorrow representing every state and the District of Columbia—each accompanied by a faculty advisor—will gather in Washington, D.C., for an expense-paid tour of the capital city and Colonial Williamsburg, Va. Culminating the tour will be announcement of the 1973 Betty Crocker All-American Homemaker of Tomorrow.

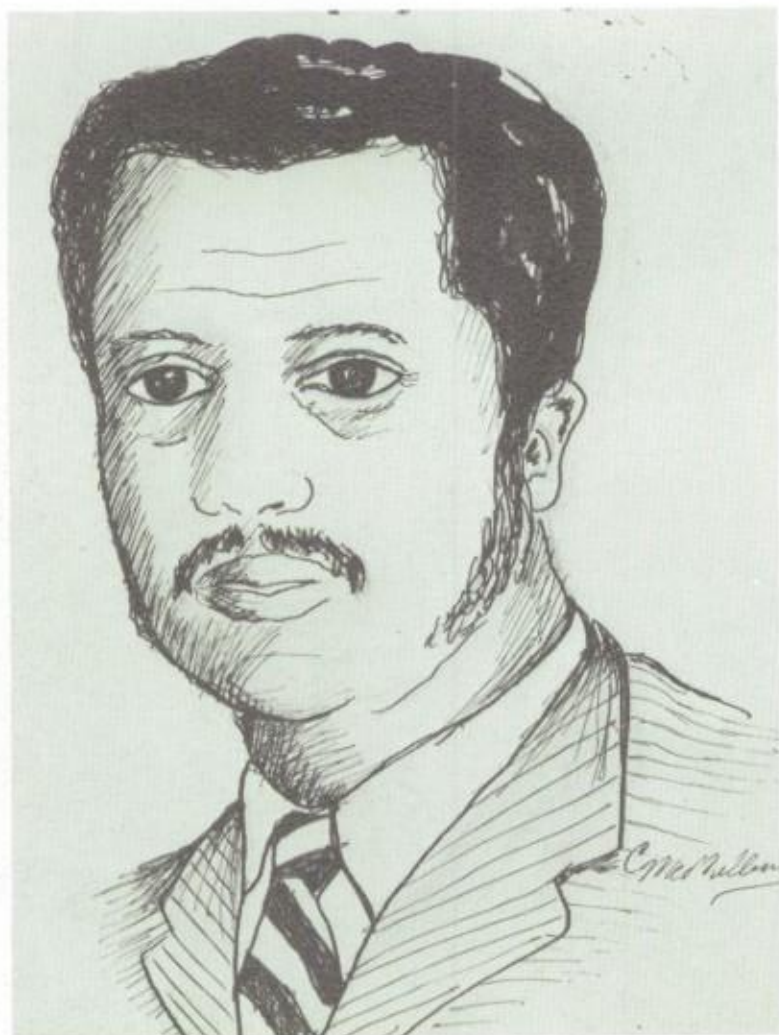

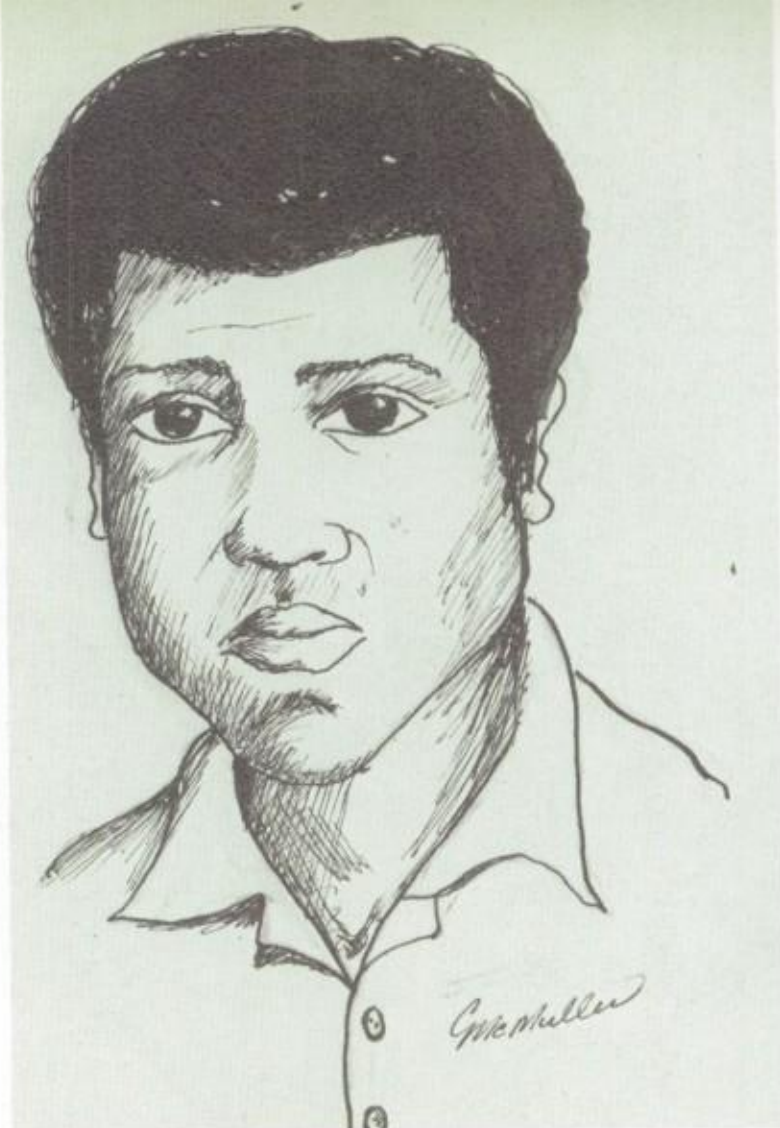

Outstanding Merit Award

Bobby Howard

Award of merit given by the Black Emancipation Proclamation Committee during their annual session on January 1, 1973. The award is given to outstanding people in the community. Among the Honorees were the Reverend Thomas E. Jordan, Pastor of Lily Baptist Church, Mr. Thomas E. Lyle, Band Director of Alabama State University, and Mr. Tracy Larkin, Disc Jockey and News Commentator.

Michael Lewis

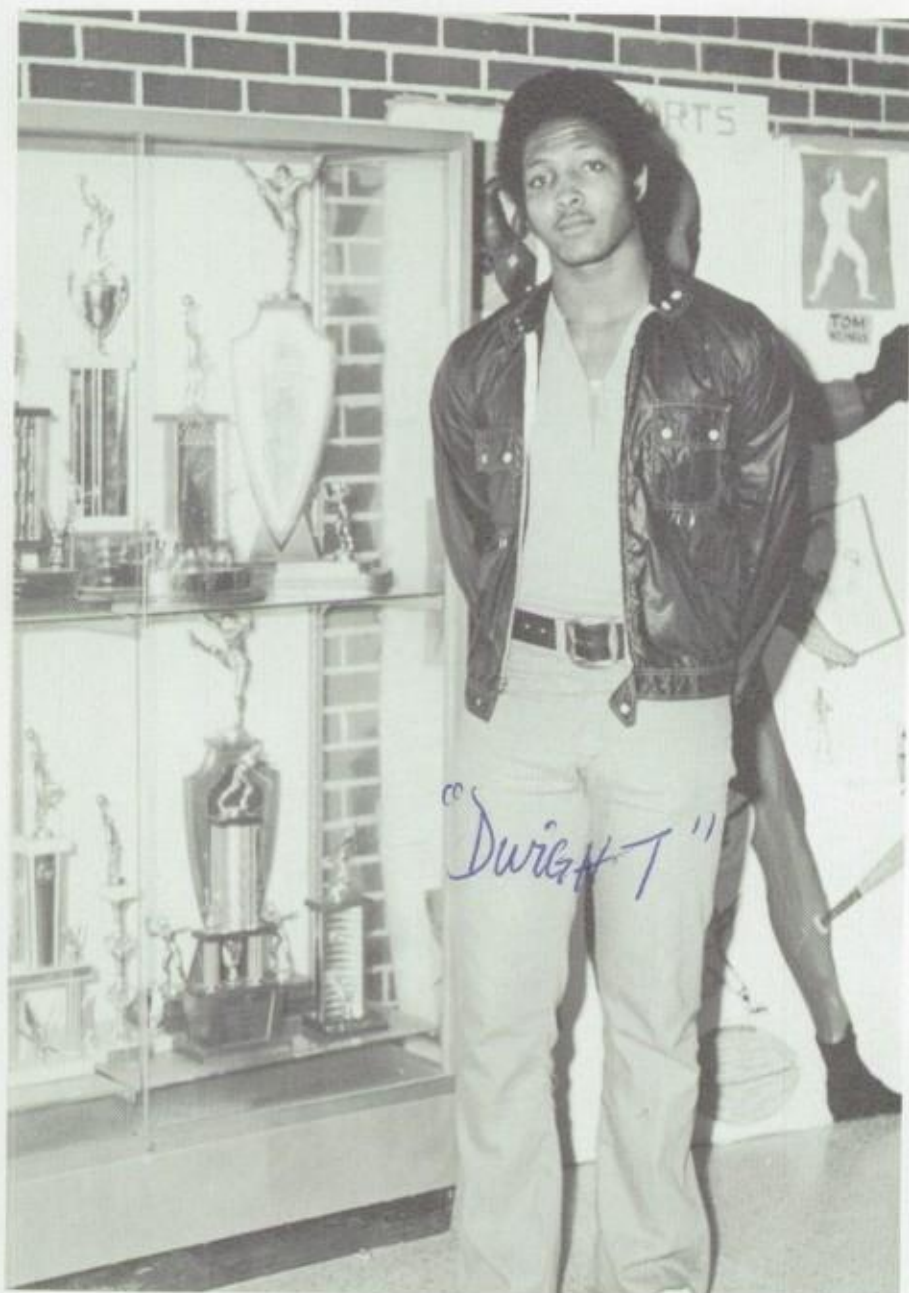

Arthur Bailey

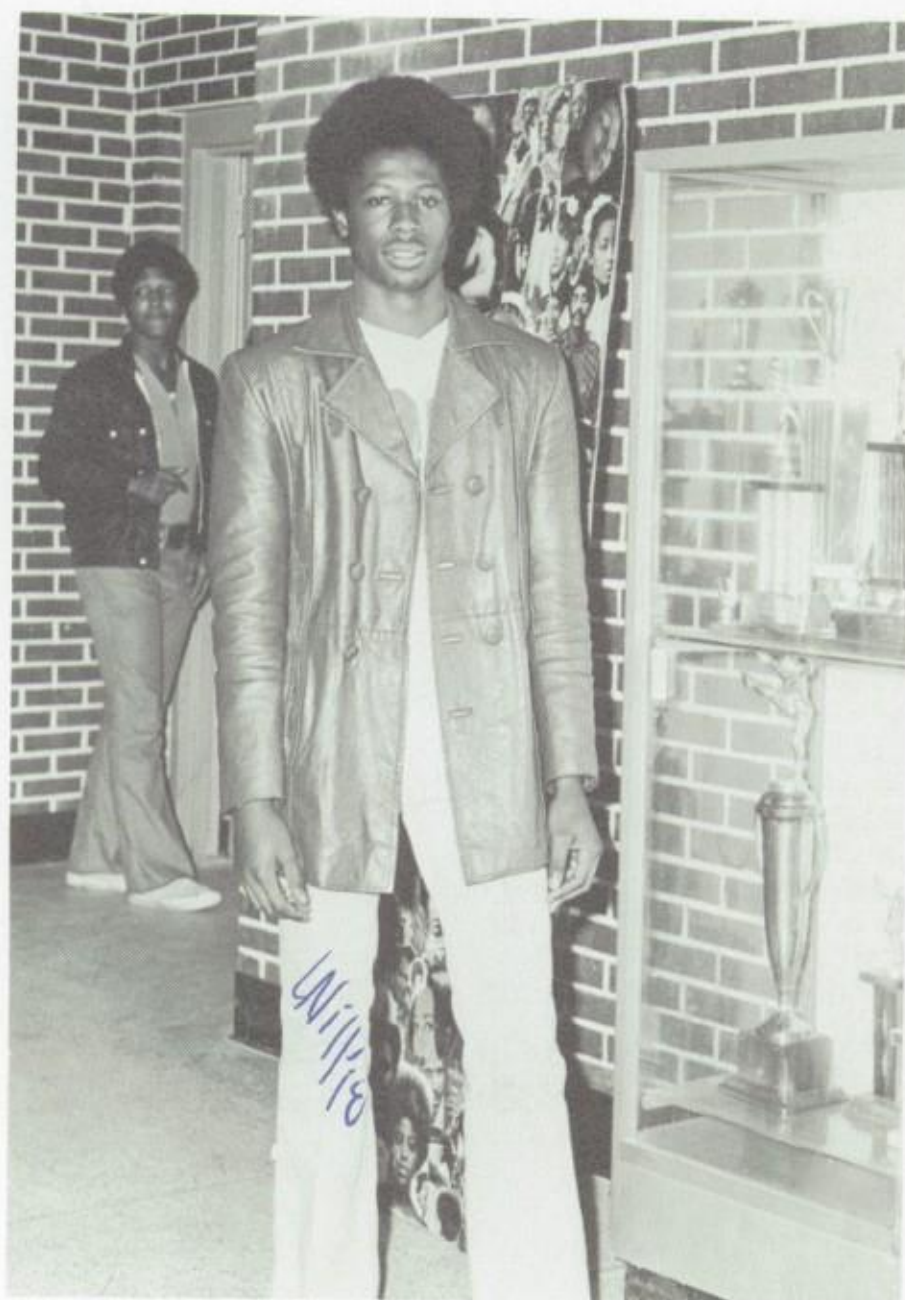

Carver was highly honored during its football season in having two of its finest players, Arthur Bailey and Willie Belser, selected to the All-City Team. Bailey, a quarterback, completed more passes, passed for more yards, and ran the football himself for more yards than any other any other quarterback in the city. Belser outmaneuvered opponents to receive more passes than any other end in the city. Why is being selected to the All-City Team an honor? Because it simply means you are the best among the prep football players in the city of Montgomery.

Dwight Gilchrist was honored during the Homecoming ceremonies as the most outstanding football player by the alumni association, Michael Lewis was honored as the most outstanding scholastic athlete for the year.

an accolade

Two days have passed since the Class 4-A Play-offs in Tuscaloosa where we met the Wenonah Dragons of Birmingham. I was among the crowd that traveled to watch the Wolverines taste victory in the first game of the Play-offs. We returned to Montgomery with no such taste. The efficient timer clicked off seconds and minutes of regular play. At the end of regular play, the score was tied 58 to 58. Over time play began and we experienced something few people ever experience: three minutes passed that seemed an expanse of time suspended into hours and compressed into a second. During that period of time, the atmosphere in that Home of #1 was incomprehensible. The buzzer sounded and it was over. It was at this point that it smacked us square in the heart: Ed Wood—the complete idea of a man's desire to attain a goal that to some seems Promethean. Some felt great sorrow for Young, Boswell, and other players who had made the trip before; however, there was a collective outpour to the man who commands perfection in an imperfect world. No complete train of thought can express how everyone felt, so, to close this book with it underlying theme of kaleidoscope, we offer this series of words. Perhaps within these words you will find meaning in what happened that night to a determined man—Coach Edward Wood.

If you choose the Marines, maybe you'll choose Aircraft Maintenance, too.

The Marine Corps believes that every young man wants to point himself in the right direction — toward the kind of work that will suit him best, the kind of skills that will stick with him for life.

So if you've got what it takes to be a Marine, and you can qualify for our new option programs, we'll let you choose the right direction. If it's aircraft maintenance/ordnance, you'll be on your way as soon as you complete recruit training.

There's also radio communications, infantry, electronics, motor transport...and many other directions you can go. Come in and look over the list. You tell us what you're interested in. We'll tell you if we can get you there.

We're looking for a few good men...to choose their own directions.

Dear Joyce,
I really don't know how long I've known you but, it seems as if you've always been there. I say this because for as long as I can remember you have been a close friend. I'll never forget this year because we've had great fun especially on our way home. (smile)
Stay as you are with your wonderful smile and whatever you want is yours for the asking. A friend in need and
L. M. H. indeed. Evelyn Cooper

Dear Joyce
In the time I have known you we have traveled many messy halls together. You know you was always the one with the mess on your shoulders. No to be serious I have enjoyed having you as one of my best friend. I'll never forget you and I hope you will remember me sometime to.
In the future I hope you will take your life a little more serious and stop giving up so easy. This is the last free chance you'll have so I know you had better get with it. The road ain't going to be smooth all the way so get your shovels in start working. The best of luck in the future. Love, Arma Carpenter

Dear Joyce

During the year I know you
it has been ~~so~~ enjoyable for
me to know someone like you
and I hope that you have
enjoyed me so remember
a friend worth having is
a friend worth keeping. well
go our separate ways and hope
that you remember me in the
near future as one of your
dear friends. Love and Happiness

Peace

To Joyce,

Knowing you for 18 years
has really been a rewarding ex-
perience. Remain your same sweet
lovable self and success will surely
follow you always. Even though
you act crazy at times you really
do have good sense when you
use them. The best of luck & any
one can have and may success,
love, luck, happiness be yours
in whatever you conquer.

Someone who knows you
better than you know
yourself!

We are like children rear'd in shade
Beneath some old-world abbey wall,
Forgotten in a forest-glade,
And secret from the eyes of all.
Deep, deep the greenwood round them waves,
Their abbey, and its close of graves!

O children, what do ye reply?-
Action and pleasure, will ye roam
Through these secluded dells to cry
And call us?—but too late ye come!
Too late for us your call ye blow,
Whose bent was taken long ago.

—Arnold

“Stanzas from the Grande Chartreuse”

My dear wife,

I am writing you for the first time
in a long time. I have been so busy
with my work and the children that I
could not find time to write to you.
I have been so busy that I have not
even had time to write to you.
I am so busy that I have not even
had time to write to you.
I am so busy that I have not even
had time to write to you.

Love and affection
to all
Yours truly
C. H. H.
